MARYLAND TAMS SWAP MEET
Grace United Methodist Church

GAVEL GAB

The time is fast approaching for the upcoming Atlantic Rarities Expo on June 24-26 at the Baltimore Convention Center. Maryland TAMS will have its annual meeting on Saturday, June 25th from 11 a.m. to 1 p.m. in the VIP Suite. Immediately following our meeting will be the Casino Chip and Gaming Token Collectors Club, which is a fast growing club in an exciting area of the hobby. You might want to stick around for their meeting!

In addition, the New Jersey Token and Medal Show will be held in conjunction with the Expo. This will be an excellent opportunity to scout for some items for your collection. MD TAMS member Joe Levine will be conducting an auction as well!

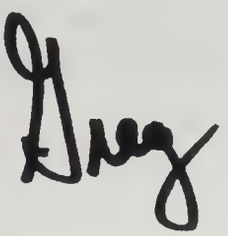
We need your help! Workers are needed for the setup of the show and to man the registration desk. In addition, we will be provided with a booth on the bourse floor to help promote Maryland TAMS. Any help YOU can provide will be very much appreciated! In the past, Maryland TAMS has been rewarded financially for our participation in these shows. Please contact myself or Bryce Doxzon, if you can help out. Our phone numbers are on the cover.

Many of us have attended token and medals shows elsewhere in this country. What is your opinion of a Maryland TAMS sponsored token and medal show? This would be an excellent opportunity to raise additional income for our club and increase our exposure nationally.

In talking to our editor, Will Mumford, I am informed that he is running dangerously low on material to print in our *Journal*. I am sure that each one of you reading this could tell me something interesting about some token or medal. So how about writing it down and sending it to Will? Can someone submit some general introductory material on subjects such as Civil War tokens, hard times tokens or some other facet of this hobby? Don't forget that we have literary awards that have not seen much competition in past years. Let's give some of our regular winners a run for the money this year!

Don't forget to mark your calendar for our annual Swap Meet being held on Saturday, September 17th. Anyone desiring a free table should contact me. This should be our best ever!

Hope to see you at the Annual Meeting!



FROM YOUR EDITOR...

Will Mumford

In the world of exonumia one never knows where they will be led or what they may end up collecting...we are the type of collectors who never know what is going to strike our fancy!

Why on God's Good Earth would I ever want to add Dog Tags to my collection?... But then along comes someone like Ed Lanham. He was giving them away! This was way back in 1986 or so. I learned early in life that you don't turn it down...no matter what it is ...if it is FREE!

So...I now find several Dog Tags taking up space in my collection...and I must admit with the fire plugs, bones, dog heads, and bright colors they add a real sense of new culture to my collection.

But from the beginning (curse you, Ed) I now find myself looking for old Dog Tags. At least I have learned to draw boundary lines to my more esoteric items these days (in the old days I went wild getting anything that would show up!). I only get Dog Tags from Anne Arundel County...

Now don't get me wrong. I'm not out actively searching for these Dog Tags...but if I come across one, I'll zap it up! And I've managed to zap a few in recent times.

The first one I came across was a Dog Tax tag, Anne Arundel County, 1918. Then I came across several in a local antique shop dated 1924 and 1935...all AACo. As one keeps looking, one keeps finding... a 1938 and a 1962 in another antique shop and a 1968 tag (with collar) in an old barn...I didn't keep the collar. One of my favorites is a homemade tag..."R.T.H. Halsey - Randall Court, Annapolis" and on the reverse, "WINNIE." One never knows where or when the next one will show up. What all this really means is that I guess I too am a Dog Tag collector...

Dog tags seem to be our theme for this issue as if you read on you will see Millard Hajek's article on Dog License Checks & License Plates manufactured by J.F.W. Dorman Co. and if you read on you will come to a Curtis Judge Book Review on ***Pre-1900 Dog License Tags*** *by William J. Bone, DVM...(rather fascinating in itself that such a book would be written by a dog VET by the name of BONE). But if you are not into Dog Tags you may read on as there is more than just Dog Tag articles in Vol. 60. (Though it has been said...not by me...that Jim Boswell's Mavericks is for the dogs...but I don't believe that...not for one second. Just checking to see if Jim Boswell reads my editorials.)*

Hope I can make our next meeting...seems as though something always comes up...I do miss seeing the old gang and will try real hard to make the annual meeting on June 25th. Who knows, someone (Russ ?) may put an old AACo. Dog Tag in our next MDTAMS auction.

The show sounds like a great one and with the New Jersey Token/Medal Show also meeting with us it sounds like a special treat for us exonumists. They might even have some real old Dog Tags...but if I come home with more Dog Tags I will end up in the dog house as my wife just doesn't seem to understand why anybody...in their right mind would collect old Dog Tags...but then I never claimed to be of sound mind! And I always tell her that, "Exonumists aren't just anybody." Isn't is FUN just to be able to collect just about anything...pity the poor coin collector.

Hope to see you at the show and at the meeting...we should all have a great time.

P.S. I NEED MORE ARTICLES OR YOU'LL HAVE A WHOLE ISSUE FULL OF "CHECKEN FER PICKERS"...that ought to motivate the poorest of writers to action...Help...

DOG LICENSE CHECKS & LICENSE PLATES MANUFACTURED BY J.F.W. DORMAN CO.

BY MILLARD W. HAJEK LM#1

Many of you known that one of my favorite manufacturers of tokens is the J.F.W. Dorman Co. I recently had the good fortune to purchase a 1925-26 "Catalogue Of License Plates, Dog Checks And Badges" issued by this Company. The catalogue is 101/8 X 63/4 inches in size and I have reduced the front and back covers and included them below. The Maryland dog licence checks and licence plates illustrated below are actual catalogue size and represent an assortment of interesting communities and uses. I wonder if any members have examples of these licences in their collection?

TOKEN POTPOURRI

BY MILLARD W. HAJEK LM#1

Jeannier's

PARKING

TOKEN

Recently, while dining at "Jeannier's" and indulging in some exquisite French cuisine, I was pleasantly surprised by receiving an extra bonus. Yep! I added another token to my Maryland collection. A conversation with a fellow MD TAMS member and also an avid transportation token collector put me onto the trail of this token. My wife was also trying to get me to dine at "Jeannier's" so with the anticipation of a gourmet meal and a possible addition to my token collection, it wasn't to difficult to persaude me to go. And, I was not disappointed!

It seems that "Jeannier's", located at 105 West 39th Street, has a parking lot just across the street to accomodate their many patrons. The parking meter dispensed the usual ticket which you then exchanged at the restaurant for a token. Upon leaving, you deposit the token into a coin machine, the gate opens and allows you to exit. Our excellent waitress was kind enough to provide me with a couple tokens which were issued in copper and brass. Her comments brought a smile to my face when she commented, "Here's two that are two different colors". After I told her that I collected tokens from Maryland she was very considerate in giving me the extra tokens, which incidently are 26 mm in diameter.

Thus, another fruitful day and another modern day token which I happily added to my Maryland token collection.

PRE-1900 DOG LICENSE TAGS
BY
WILLIAM J. BONE D.V.M.

Book Review by Curtis H. Judge

The reviewer usually confines his reviews to those books that deal directly with the token arena of the exonumia field. In this review we will divert to a growing field of collecting interest - Dog License Tags. A new extensive work has just been published that will be of interest to both the License Tag collector and the person building an exonumia library. Other than two brief foreign museum catalogs from Holland and Belgium, Dr. Bone's work is the first effort to catalog this area of collecting interest.

Wiliam J. Bone D.V.M. has released his new work titled " Pre-1900 Dog License Tags. " The hard cover volume is in the 5 1/2" by 8 3/4" format printed on high quality semi-gloss stock. Numerous photos of the tags described add considerable interest to the 218 pages of text and listings. The author provides substantial background information about the history and usage of early dog tags and their manufacturers.

Information is well presented in the listing portions, with the author having devised a unique method of assigning "catalog" numbers to the various pieces listed. All entries are listed by state or country, issuing authority, and year of issue. The oldest known tag from each issuing source is listed first, followed by a photo or description of the tag. Planchet shape, size in millimeters, material and rarity are also provided for each entry. A total of 350 worldwide tags produced prior to 1900 are included. A statistical Census of the various states and issuing authorities is included to further help the collector define the rarity level of any acquisitions or items in a collection.

The author has covered another area of concern that will be of interest to the beginning and experienced collector, forgeries and modern reproductions of antique tags. He covers some of the methods used to fake old tags and offers several photos of bogus items. This chapter alone could save the collector many dollars. Information about the I.S.L.A.C. (The International Society Of Animal License Collectors) is thoughtfully included. They may be contacted through the author.

Autographed copies of the work are available directly from the author for $25.00 plus $2.50 postage and handling.

Where in the World is...

The New Jersey Token/Medal Show?

In Baltimore, where else?

In a move which is drawing raves from some collectors and dealers, and brickbats from others, the New Jersey Token and Medal Show will be held at the Baltimore Convention Center (on Pratt Street, between Sharp Street and Hopkins Place) June 24-26, 1994 (Noon to 7, 10 to 7 and 10 to 5). Held in conjunction with the Atlantic Rarities Exposition, this popular show will draw up to 50 collectibles dealers from the immediate area and from surrounding states, and other far-flung locations such as Florida, New York, California, Iowa, Indiana, Ohio and Michigan. Among the various areas of collectibles represented are tokens and medals, Americana of every type, such as Civil War artifacts, early advertising signs and political items, old toys, sheet music, comic books, ephemera, coins, glass, baseball cards: every imaginable "small" collectible antique.

The Atlantic Rarities Exposition is a joint effort of the American Numismatic Association and the Maryland State Numismatic Association. This impressive three day show will appeal especially to collectors of coins and paper money, but also to those who pursue related collectibles.

The Casino Chip and Gaming Token Collectors Club will have a regional meeting at the show Saturday afternoon, June 25.

H. Joseph Levine of Presidential Coin and Antique Co. has planned an exceptional auction of tokens and medals to be held in conjunction with the show. The public auction is tentatively scheduled for 7:30 P.M., Saturday, June 25. For further information call Presidential at (703) 354-5454.

Dealers or collectors seeking more information may contact Paul A. Cunningham, Box One, Tecumseh, MI 49286, or call 517-423-8951. A special award for you, if you're still reading this flyer: bring this flyer into the show and turn it in at booth 917 (that's us) for a $1 award! Who says you never get something for nothing?
